Mr. Lance Jackson
R & W Resource and T. S. Superintendent
Interstate Brick Company
9780 South 5200 West
West Jordan, Utah 84084

Dear Mr. Jackson:

Re: Jim Gay Mine, ACT/049/005, Utah County, Utah

The Board of Oil, Gas and Mining approved the bond for the subject mine on October 22, 1987. That completes the permitting requirements of the Utah Mined Land Reclamation Act (Title 40-8) for this mine.

We are pleased to have this case completed.

We also appreciated your letter of July 14, 1987 stating that Interstate Brick is committed to completing the permitting of the rest of the mines.

In reference to our June 18, 1987 letter, the following three mines are to be completed next:

Powell Mine - ACT/049/004

All we need to proceed on this case is your revised bond estimate. (See our letter of April 29, 1986.)

Koosharem Mine - ACT/031/002

Our letter of July 1, 1985 lists items that need to be addressed. This mine is already bonded so it won't take much to complete this case.

November 4, 1987

Five Mile Pass Mine - ACT/045/006

Our letter of December 18, 1985 outlined the necessary items for completion of this case.

We would like to set a goal date of June 1, 1988, to have these three cases completed. Therefore, by November 20, 1987, please send us a letter stating the tentative dates when the items for each of the above three mines will be completed.

Sincerely,

For.
